EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ferrell on 5-12-2004.

The application has been amended as follows:

Claims 5-12, 18 and 19 have been canceled.

In claim 1:

- a. on line 11, the last word "a" has been changed to --the--;
- b. on line 12, the phrase --incorporating recycled pulp containing contaminants-- has been inserted before the word "through";
- c. on line 13, the word "if" has been changed to --when--; and
- d. on line 15, the word "may" has been changed to --will--.

In claim 13:

- a. on line 11, the last word "a" has been changed to --the--;
- b. on line 12, the phrase --incorporating recycled pulp containing contaminants-- has been inserted before the word "through";
- c. on line 13, the word "if" has been changed to --when--; and
- d. on line 15, the word "may" has been changed to --will--.

Art Unit: 2854

The above changes to claims 1 and 13 have been made to positively include the recycled pulp containing contaminants in the claimed embossing method in order to clearly distinguish over the prior art of record and to place the application in condition for allowance.

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is the inclusion of recycled pulp containing contaminants as a positively required limitation in the claimed embossing method. No prior art has been found to deal with contaminants contained in the recycled pulp undergoing an embossing process in a manner as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ren L Yan whose telephone number is 571-272-2173. The examiner can normally be reached on 8:30am-5:00pm.
